

**Moorebank Submissions: Morrebank Intermodal Terminal SSD 5066 Mod 1,  
Mod to SIMTA Concept Plan MP10\_0193 Mod 2, SIMTA Stage 2 Proposal SSD 7628**

**How to access submissions on the Major Projects website**

The Department of Planning and Environment thanks the public, community groups, government agencies, local councils and organisations for their submissions during the exhibition of the Moorebank Intermodal Terminal applications for the following:

- Moorebank Intermodal Terminal SSD 5066 Mod 1;
- Modification to SIMTA Concept Plan MP10\_0193 Mod 2; and
- SIMTA Stage 2 Proposal SSD 7628.

In response to the large amount of submissions received and to increase transparency, the Department has adjusted the way it presents submissions on our website to ensure information can be easily accessed by members of the public.

Submissions are arranged into packaged and numbered PDFs and instructions are provided below.

The table below indexes all submissions received during the public consultation period for the application.

Each submission received during the exhibition period has been assigned a number by the Department.

PDFs have been produced containing submissions within a numerical range. These have been uploaded to the Department's Major Projects website on the Moorebank Intermodal Terminal Page under each application number.

Where a submitter has made more than one submission these have been identified by the submitters number as well as a letter, i.e. a, b. Each submitter has been allocated one number for all three applications.

Where submissions were made directly through the major projects website they have not been included in the PDFs. These submissions may be accessed through the website under each application number.

To identify which submission number has been assigned to a submission author you can use a "Ctrl +F" on PC or "Cmd+F" on Macs to enable a search function. Inputting the first name or surname of an author will take you to each corresponding submission.

The table has been sorted alphabetically by first name to assist in identifying the number assigned to each author's submission.

Where confidentiality has been requested by an author for a submission, it will not be possible to search for an author's submission as the name has not been published.

<b>Submission Number (as assigned to submissions within PDF packages)</b>	<b>Name</b>	<b>MIT SSD 5066 Mod 1 (incorrectly 5506)</b>	<b>Mod to SIMTA CP (MP10_0193 Mod2)</b>	<b>SIMTA Stage 2 Prop (SSD 7628)</b>
