Revised Addendum to the Stormwater Design Development Report, Condition A42

Dear [REDACTED]

I refer to the revised Addendum to the Stormwater Design Development Report (ASDDR) submitted to the Planning Secretary under condition A42 of SSD-7709. I also acknowledge and thank you for your response to the Department's review comments, and request for additional information.

I note the revised ASDDR:

- was reviewed by the Applicant, and no issues were raised to the Department;
- has been updated to reflect the approved amended layout for Woolworths Warehouse JN;
- contains the information required by the relevant conditions of consent; and
- has been independently peer reviewed by AT&L Consulting Engineers.

As nominee of the Planning Secretary, I approve the revised Addendum to the Stormwater Design Development Report, Rev B dated 9 September 2022, under condition A42 of SSD-7709.

Please note that if there are any inconsistencies between the revised approved ASDDR and the conditions of consent, the conditions will prevail.

Also, please ensure you make the revised approved ASDDR and this approval letter publicly available on the project website at the earliest convenience.

If you have any questions or would like to seek any clarification, please do not hesitate to contact [REDACTED] or at [REDACTED]

Yours sincerely
