Moorebank Intermodal Precinct West (MPW) – Stage 3 (SSD-10431)
Revised Fill Importation Management Plan, Condition A26

Dear Mr [REDACTED]

I refer to the revised Fill Importation Management Plan (FIMP) submitted to the Planning Secretary under condition A26 of SSD-10431. I also acknowledge and thank you for your response to the Department's review comments, and request for additional information.

I note the revised FIMP:

- was reviewed by the Applicant, and no issues were raised to the Department;
- was prepared in consultation with CARAS Pty Ltd;
- has been updated following the removal of MPW weighbridge where changes to the processes were necessary within the previously approved FIMP;
- was endorsed by the appointed Environmental Representative for the project; and
- contains the information required by the relevant conditions of consent.

Accordingly, as nominee of the Planning Secretary, I approve the revised Fill Importation Management Plan, Revision 2 dated 21 May 2024, under condition A26 of SSD-10431.

Please note that if there are any inconsistencies between the approved revised FIMP and the conditions of consent, the conditions will prevail.

Also, please make the approved revised FIMP and this approval letter publicly available on the project website at the earliest convenience.

If you have any questions, please contact [REDACTED]

Yours sincerely
