Revised Construction Noise and Vibration Management Plan, Condition C9**

Dear [REDACTED]

I refer to the revised Construction Noise and Vibration Management Plan (CNVMP) submitted to the Planning Secretary under condition C9 of SSD-7628.

I note the revised CNVMP:

- was reviewed by the Applicant, and no issues were raised to the Department;
- has been updated due to an annual review, Modification 5 determination, a Request for Minor Amendment (RfMA), and other administrative changes;
- was endorsed by the project's Environmental Representative as being consistent with the relevant consent requirements; and
- contains the information required by condition B77.

Accordingly, as nominee of the Planning Secretary, I am satisfied that the revised Construction Noise and Vibration Management Plan, Revision 18 dated 4 December 2024, is prepared as per condition C9 of SSD-7628.

Please note that if there are any inconsistencies between the approved revised CNVMP and the conditions of consent, the conditions will prevail.

Also, please make the approved revised CNVMP including this letter available for public access on the project website at the earliest convenience.

If you have any questions, please contact [REDACTED] at [REDACTED]

Yours sincerely
