Moorebank Intermodal Precinct East - Stage 2 (SSD-7628)
Revised Construction Spoil Management Plan, Condition C9

Dear [REDACTED]

I refer to the revised Construction Spoil Management Plan (CSMP) submitted to the Planning Secretary under condition C9 of SSD-7628.

I note the revised CSMP:

- was reviewed by the Applicant, and no issues were raised to the Department;
- has been updated due to an annual review, Modification 5 determination, 4 Requests for Minor Amendment (RfMA), and other administrative changes;
- was endorsed by the project's Environmental Representative as being consistent with the relevant consent requirements; and
- contains the information required by condition B36.

Accordingly, as nominee of the Planning Secretary, I am satisfied that the revised Construction Spoil Management Plan, Revision 15 dated 3 December 2024, is prepared as per condition C9 of SSD-7628.

Please note that if there are any inconsistencies between the approved revised CSMP and the conditions of consent, the conditions will prevail.

Also, please make the approved revised CSMP including this letter available for public access on the project website at the earliest convenience.

If you have any questions, please contact [REDACTED] at [REDACTED]

Yours sincerely
