

### Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
2/09/2025	Community Member	<u>Traffic management/road condition:</u> A community member reported unsafe road conditions along Anzac Avenue, including exposed metal plates and insufficient caution signage. <u>Response:</u> The issue was referred to Vaughan Civil for immediate attention. Due to multiple recent complaints, the matter was escalated to their Project Manager. Liverpool City Council was also informed and asked to assist in monitoring the site to ensure public safety and compliance with roadwork standards.	MIP	Closed
2/09/2025	Community Member	<u>Traffic management:</u> A community member reported a near-miss incident while turning right from Moorebank Avenue onto Anzac Road (northbound), due to two lanes merging into one without adequate signage or sufficient space to safely accommodate turning vehicles. <u>Response:</u> The project team investigated and confirmed that the traffic management setup in question is not associated with the current project works but is being managed by Vaughan Civil. The matter was referred to Vaughan Civil for review, with a request to address the safety concerns and implement any necessary rectifications.	MIP	Closed
1/09/2025	Community Member	<u>Property damage:</u> A community member reported that recent roadworks caused damage to their vehicle due to uneven steel road plates and insufficient signage. <u>Response:</u> The project team contacted the caller to confirm the location, which was identified as Anzac Avenue. As the current project does not have any steel plates in use, the matter was referred to Vaughan Civil. Vaughan Civil is undertaking works in the area on behalf of Endeavour Energy's 33kV transmission infrastructure project and were asked to address the issue and contact the community member.	MIP	Closed
31/08/2025	Community Member	<u>Noise:</u> A community member called the project hotline at 11:30pm to report excessive truck, forklift and banging noises occurring since 10pm. <u>Response:</u> The project team investigated and confirmed there were no overnight activities taking place at the ITS site. The matter was referred to Qube for follow-up regarding any IMEX-related activities that may have contributed to the noise. As a precautionary measure, the project contractor installed noise curtains around localised intersection works and conducted a toolbox talk to address noise-generating behaviours with staff.	MIP	Closed
12/08/2025	Community Member	<u>Traffic congestion:</u> A community member responded to an email correspondence from March 2025 regarding traffic congestion on Moorebank Avenue, Cambridge Avenue and Canterbury Road. They reported only slight improvements since adjustments were previously made to the SCATS (traffic light phase timing to improve northbound flows). They advised they are still experiencing significant delays particularly during school drop-off hours and suggested that traffic lights were not coordinated. <u>Response:</u> Feedback was shared with the project team and the community member was	MIP	Closed

# Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
		advised that the current Moorebank Avenue is temporary and will be replaced as part of the realignment project designed to streamline traffic flows around the precinct. They were also informed that Transport for NSW is responsible for sequencing of traffic lights however we could raise the matter on their behalf.		
1/08/2025	Community Member	<p><u>Traffic management:</u> A community member phoned the project hotline to report an incident involving traffic management and a traffic controller's behaviour with managing contraflow along Anzac Avenue near the intersection about 7pm on Sunday. Discussed the incident with the caller for further details and passed this on to the project team and contractor to look into further.</p> <p><u>Response:</u> The contractor followed up with their traffic management company, which conducted an investigation and provided a response report. The contractor then contacted the caller to emphasize their commitment to safety and adherence to protocols. Although there were differing accounts of the event from the caller and the traffic controller, the company has implemented reinforcement measures, including additional staff briefings. It is also suspected the incident occurred during a shift change and a brief period when the boom gates were relocated from the intersection. The caller was satisfied with the information provided and action taken.</p>	MIP	Closed
1/08/2025	Community Member	<p><u>Property damage:</u> A community member submitted a claim for a punctured tyre to Liverpool City Council, alleging it was sustained 22 July 2025 from metal debris left on the road from works at Moorebank Avenue near Anzac Road and Bushmaster Avenue.</p> <p><u>Response:</u> The project team investigated with our contractor who reviewed the provided information and video footage. There was no evidence of debris found on the road and additionally the contractor did not have any works occurring in that vicinity nor for a period before, so it is unlikely to be related to project works. A response was provided on 6 August to Liverpool City Council to advise of our findings.</p>	MIP	Closed
15/07/2025	Community Member	<p><u>Road works:</u> Phone enquiry received from nearby community member in Lurnea who complained about the extended length of time to complete for works occurring on Moorebank Avenue (specifically the 200m stretch up to the Anzac Road intersection). Caller complained of heavy traffic congestion in the area and sought more information about project works and when it will all finish.</p> <p><u>Response:</u> Spoke to caller, explaining the unforeseen delays associated with weather conditions and the Endeavour Energy project, and advised caller about upcoming traffic switch for MAAI (25-28 July). Added him to the project subscriber list and followed up with emails providing a copy of the upcoming OOH notification and website link, advised him MAAI is expected to be fully completed by the end of 2025 and that MAR is scheduled to be ongoing for approximately 18m (although mostly being undertaken offline).</p>	MIP	Closed

# Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
5/07/2025	Community Member	<p><u>Truck movements:</u> An enquiry was received regarding the Cambridge Avenue upgrade, truck movements at the Moorebank Intermodal Precinct (MIP), and whether these movements can be restricted during peak traffic hours. The enquirer also raised general concerns about the need for greater coordination with other government departments to minimise traffic impacts.</p> <p><u>Response:</u> The enquirer was informed of the essential role that truck movements play in supporting the multiple warehousing and logistics operations within the precinct. They were reassured that the project is committed to managing and mitigating traffic impacts including through two key initiatives underway with the delivery of the MAR project and the Moorebank Intermodal Terminal Road Access (MITRA) Strategy in collaboration with Transport for NSW. The enquirer was also referred to Transport for NSW as the appropriate authority for further information regarding the Cambridge Avenue upgrade.</p>	MIP	Closed
4/06/2025	Community Member	<p><u>Road works:</u> Caller enquired about works along Anzac Road from the Moorebank Avenue intersection up to the Fire Station as it seems constantly being dug up and the road is not holding up in the rain. Upon investigation, activities relate to the installation of the 33kw transmission line as part of Endeavour Energy's separate project.</p> <p><u>Response:</u> Caller was contacted by the project team and advised that MAAI works with final reinstatement is due end-July around the intersection. Remainder works are being undertaken by Vaughan Civil. Feedback was passed on to Vaughan Civil who also phoned caller to advise that works are continuing and explain that reinstatement is temporary after each shift and permanent road reinstatement will be carried out once works are complete.</p>	MIP	Closed
23/05/2025	Community Member	<p><u>Property damage:</u> Stakeholder's vehicle tyre was damaged from driving over a significant pothole along Moorebank Avenue and requested reimbursement/support to rectify the damage. Council was also contacted for assistance by stakeholder and contacted the project team due to receiving a few community complaints.</p> <p><u>Response:</u> Pothole was investigated and location confirmed belonging to Defence. Stakeholder and Council was referred to a Defence contact for follow up.</p>	MIP	Closed
22/05/2025	Community Member	<p><u>Noise:</u> Resident phoned the project number around midnight to report loud container noises over the last few nights and requested contact details to complain to Government agencies.</p> <p><u>Response:</u> Project team investigated and eliminated any contractor works relating to MAAI or MAR and known precinct activities. On closer review it appears potentially related to Qube and information has been passed on to their Director of Communications – awaiting response.</p>	MIP	Open
18/05/2025	Community and CCC	<u>Environmental reporting:</u> Stakeholder emailed to lodge a complaint regarding	MIP	Closed

	Member	environmental reporting with respect to specific emissions information and more detailed data that they have requested for some time. <u>Response</u> : There has been ongoing correspondence and attempts to provide the requested information. This is currently being reviewed again to confirm that the project team has provided the requested information as best as they are able. Additional information has subsequently been provided, and a member of project team will follow up with stakeholder.		
24/04/2025	Community Member	<u>Noise</u> : Caller phoned the project hotline in the evening, reporting incessant banging and vibrations through the house. <u>Response</u> : Caller was phoned back for more information but could not be reached.	MIP	Closed
24/04/2025	Community Member	<u>Noise</u> : Resident phoned the project hotline to make a complaint about overnight works being very disruptive into the early morning affecting sleep. Resident reported smashing and banging, reversing beepers and seeing tippers and lights. Resident called back the following night reporting the same. <u>Response</u> : Resident was phoned to discuss. The project team investigated, confirming there were no overnight works at either location. Resident was sent follow up email advising of no night work activities from MIP, provided a copy of recent OOH letter notification for periodic works until June (although nothing expected for a few weeks) and suggestion to contact Council or Sydney Trains in case of any related activities.	MIP	Closed
5/04/2025	Community Member	<u>Noise</u> : Ongoing concerns about the long-term potential of noise and potential for increased bushfire risk due to an increase in traffic accessing the intermodal terminal, cranes movements and handling of containers, once works are completed. Status: Stakeholder acknowledged; no response required. Note not a construction-based comment.		Closed
27/03/2025	Community Member	<u>Noise</u> : Concerned the upcoming night works required for the Moorebank Avenue upgrade will impact residents on the Western side of Wattle Grove. Response sent to stakeholder on 4/4		Closed
24/03/2025	Community Member	<u>Traffic and disruptions</u> : Concerns raised around ongoing roadworks including the recent Anzac Road closure between Moorebank Ave and Delfin Dr. Additionally, concerns raised around interruptions from the upgrade of underground electrical supply continuing to September 2025. Response sent to stakeholder 7 April.		Closed
17/03/2025	Community Member	<u>MAR Construction</u> : Complaint in agreement with prior complaint. Concern about location of Moorebank Avenue Realignment and the risks of increased noise from the precinct. Stated that noise walls were necessary for project. Response sent to stakeholder on 4/4.		Closed

		communicated schedule and were sanctioned activities approved under the MPW Construction Noise and Vibration Management Plan. The complainant provided with a copy of the document for their reference. Additionally, the complainant was also advised that their specific observations regarding noise-related issues and preferences for certain days for this type of works would be subject to further investigation by the Project team and discussed during the upcoming Community Consultative Committee meeting. The complaint has been closed.		
<b>2023 Complaints</b>				
<b>24/12/2023</b>	<b>Road User</b>	Development impacts: A road user made a complaint regarding a visibility issue caused by an unidentified substance on the caller's vehicle surface while driving in the Precinct area. The investigation determined the substance in question originated from construction operations within the area. The complainant provided with a suitable cleaning product. Additionally, professional cleaning services have been arranged for their car to ensure the complete removal of the substance. The complaint has been closed.		Closed
<b>22/09/2023</b>	<b>Road User</b>	Traffic lights: A road user made a complaint about traffic congestion at the intersection of Moorebank Avenue and Anzac Road during peak morning and evening hours. According to the complainant, the congestion is attributed to an auto-sensor system on Anzac Road that causes delays for road users traveling on Moorebank Avenue. The project team advised the complainant that these traffic signals are controlled by TfNSW and not by the Precinct, therefore the concern is to be raised with TfNSW. The complaint has been closed.		Closed
<b>04/09/2023</b>	<b>Community member</b>	Noise: A complainant reported noise in the late-night hours near the Fire and Rescue Station on Anzac Road. The area is outside of MIP development boundary, hence there are no construction works or operations being undertaken within the vicinity of the Fire and Rescue station on Anzac Road. The noise appears not related to the MIP development. The complaint has been closed.		Closed
<b>21/08/2023</b>	<b>Community member</b>	Noise: A Wattle Grove resident complained about a metallic clunking noise most often at night-time from a west facing wall (towards the precinct). The project team investigated and found no works that could initiate noises described by the complainant were being undertaken within the precinct during night-time hours at the time of complaint. The complainant was advised that the precinct could not identify any specific events that would have caused any excessive		Closed

		additional noise monitoring. The complainant was advised further additional attended noise monitoring will be undertaken.		
28/7/2022	Community member	Noise: A Wattle Grove resident made a complaint about truck and container movement noise at the site. The complainant was advised the project has approval to operate 24/7 within limits of the Operational Noise and Vibration Management Plan and the project undertakes ongoing noise management and monitoring, including permanent noise monitors. Further, the team notified the complainant that staged commencement of automated electric crane operations later this year which are expected to result in more environmentally friendly operations on site. The complainant was advised further additional attended noise monitoring will be undertaken.		Closed
19/7/2022	Community member	Noise: A Wattle Grove resident complained about noise emanating from the site, particular trucks and container movement noise. The complainant was advised the project has approval to operate 24/7 within limits of the Operational Noise and Vibration Management Plan and the project undertakes ongoing noise management and monitoring, including permanent noise monitors. Further, the team notified the complainant that staged commencement of automated electric crane operations later this year which are expected to result in more environmentally friendly operations on site. The complainant was advised further additional attended noise monitoring will be undertaken		Closed
4/7/2022	Local business	Flooding: Water entered the premises of a site neighbour during a heavy rainfall weather event (300mm +). Following an investigation, SIMTA contractors undertook cleaning of the site and repair to verges. Further work will be undertaken to repair swale damage.		Closed
18/06/2022	Community member	Noise: A resident in Wattle Grove made a complaint relating to container movement noise. The project team investigated and noise monitoring at the time described included some container noise which was within approved noise parameters for the site. As a result of the community member's observations, attended noise monitoring will be undertaken in the area to further explore (in addition to permanent noise monitoring already in place at locations determined by DPE). The complainant was advised further additional attended noise monitoring will be		Closed

10/06/2022	Community member	Noise: A resident in Wattle Grove made a complaint about container movement noise. The project team investigated and noise monitoring at the time described included some container noise which was within approved noise parameters for the site. As a result of the community member's observations, attended noise monitoring will be undertaken in the area to further explore (in addition to permanent noise monitoring already in place at locations determined by DPE).		Closed
26/04/2022	CCC member	Noise: Complainant noted sound from a water pump has been operating 24/7 near the Georges River at the north of the site for about a week. The project team investigated the complaint and discovered the water level within the excavation works area had recently receded, causing the pump to function incorrectly. The complainant was informed acoustic blankets would be installed for additional noise attenuation and the pump would only be running during standard construction hours until they are in place. Further noise modelling will be undertaken before overnight pumping resumes.		Closed
19/02/2022	CCC member	Noise: Complainant noted weekend work was being carried out after 1pm Saturday. The complainant was advised a new extended weekend construction hours order had been issued by the NSW Minister for Planning and was supplied a copy of the order.		Closed
11/01/2022	CCC member	Noise: Complainant noted heavy vehicle noise late at night. No work was being undertaken on our project at that time, which complainant was advised.		Closed

### Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
		A road user complained about the condition of Anzac Road. The project team investigated the specific location of Anzac Road and discovered this is an area of Anzac Road currently being upgraded by Liverpool City Council. This upgrade is unrelated to the project.		
04/11/2021	CCC member	Dust: A CCC member reported dust coming from the southern end of Moorebank Precinct West. The project team reminded all contractors to ensure mitigation strategies continue to be implemented appropriately. Further discussions about dust management from active stockpiles were conducted with the overall project team. The complaint occurred on a day where the wind was 80-90km/hr - while water carts were suppressing dust on the day, it was impossible to eliminate the dust due to these high wind speeds.		Closed
01/11/2021	Community member	Noise: A resident in Wattle Grove complained about night works noise coming from Anzac Road. The project team discovered that these works are undertaken by Liverpool City Council and advised the resident to contact council. (Issue not related to project).		Closed
28/10/2021	Road user via Liverpool City Council	Condition of road: Liverpool City Council on behalf of road users complained about the condition of Bapaume Road, Moorebank. The project team is investigating ways to temporary remedy potholes and conditions of the road where possible. Please note this is a local controlled council road.		Closed
25/10/2021	Community member	Noise: A resident complained about noise coming from the Moorebank Intermodal Terminal direction. The project team acknowledged the complainant's concerns and requested more information about the noise so the team could carry out further investigation to identify the source. No further information was provided by the complainant, and project teams confirmed that no out of hours works were undertaken at the time by Moorebank Intermodal Terminal.		Closed
16/10/2021	Community member	Noise: A resident in Wattle Grove complained about night works noise. The project team investigated the complaint and discovered that night works (asphalting) were undertaken by nearby Holsworthy Army Barrack. Stakeholder was advised and encouraged to provide additional detail for future noise issues. (Issue not related to project.)		Closed

29/03/2021	Road user	Traffic lights: A road user complained about traffic congestion on Moorebank Avenue causing major delays. Roads and Maritime Services advised the light sequencing system was faulty. (Issue not related to project.)		Closed
22/03/2021	Local Business	Water/Flooding: Water entered the premises of a site neighbour during heavy rainfall. As a gesture of goodwill, SIMTA offered to pay for the clean-up.		Closed
09/01/2021	CCC member	Noise: A CCC member complained about trucks tailgates making noise during the delivery of material to the site. The project team investigated the complaint and noted that the complaint related to trucks operating during standard construction hours and within approval conditions.		Closed

### 2020 Complaints

Date received	Complainant	Nature of complaint		Status
12/12/2020	CCC member	Noise: A CCC member complained about noise from night work. The project team acknowledge the CCC member's concerns and informed that they have amended the work methodology in response to previous complaints. The team advised they have moved the out-of-hours work to a section of the site located further away from homes in Casula, endeavouring to ensure all plant and machinery on MPW uses non-tonal reversing sounders. Furthermore, the project team also introduced several initiatives to reduce the impact of night works. Noise monitoring indicates that these initiatives appear to be working in helping reduced noise impacts from night works.		Closed
10/12/2020	Community member	Dust: A community member complained about dust impacts on her home. The project team outlined the measures used to mitigate the impact of dust; including frequent use of dust suppression vehicles, continually monitoring dust levels and work practices being altered during strong winds. The project team apologised the community member for any		Closed

		impacts.		
09/11/2020	CCC member	Noise: A CCC member visited BMD gate on MPW and complained about noisy night work. The site supervisor discussed new noise mitigation measures had been put in place for the night work and the CCC member agreed the noise level had dropped. The supervisor also explained to the CCC member that ongoing toolbox talks with contractors/drivers on the need to keep noise levels down, especially with the use of horns and closing tailgates. The CCC member agreed that everyone was doing their best to keep noise levels down.		Closed
04/11/2020	Road user	Truck driver behaviour: A road user complained about an interaction with a truck driver on Moorebank Avenue. The project team investigated the complaint and dashcam footage was inconclusive in terms of the account of the incident. The project team also discussed with the truck driver the importance of always ensuring road safety and road rules are adhered to when entering and leaving site. The project team apologised the road user for any concerns caused by the incident.		Closed
22/10/2020	CCC member	Noise: A CCC member complained about noisy night work. The project team acknowledge the CCC member's concerns and advised that they have amended the work methodology in response to his expressing dissatisfaction with the level of out-of-hours work noise. The team advised they have moved the out-of-hours work to a section of the site located further away from homes in Casula. In addition, the project team also introduced additional noise monitoring to help confirm noise sources. Feedback from the CCC member indicated that this eliminated the noise issues he had been experiencing.		Closed
20/10/2020	CCC member	Dust: A CCC member complained about dust coming up from the northern end of MPW. The project team investigated the complaint and informed the CCC member they could not conclusively identify any work that caused the dust complaint reported. The project team organised additional street sweeping and dust suppression vehicles to mitigate any possible dust issues.		Closed
15/10/2020	Community member	A resident in Casula complained about construction noise. The project team acknowledge the resident's concerns and advised that they have amended the work methodology in response to residents expressing dissatisfaction with the level of out-of-hours work noise. The team did this by relocating the out-of-hours work to a section of the site located further away from homes in Casula. In addition, the project team also introduced additional noise monitoring to help confirm noise sources.		Closed
14/10/2020	Community member	Noise:		Closed

### Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
		Two residents in Casula complained that they could hear loud metallic bangs at night. The project team acknowledged the residents' concerns and advised that the "banging" noises were determined to be caused by tipper trucks' tailgates delivering crushed sandstone to the site during extended hours. The team reiterated to drivers that they should take care to ensure their tailgates closed as quietly as possible after they deposited their load on-site. In addition, the project team relocated the out-of-hours work to a section of the site further away from homes in Casula and introduced additional noise monitoring. Feedback from the community indicated that this eliminated the noise issues they had been experiencing.		
09/10/2020	Community member	Noise: A resident in Wattle Grove complained that he could hear hydraulic excavator or similar making loud noises at night. The project team investigated the complaint and informed the resident that there had not been any night-time activity on the site other than out-of-hours deliveries of crushed sandstone to Moorebank Precinct.		Closed
24/09/2020	Neighbour	Traffic lights: A representative of the Department of Defence complained about the traffic light timing at the intersection of Moorebank Ave and Frank Partridge Drive. Roads and Maritime Services advised that the signals operate on an auto-sensor system. Complainant was provided RMS details to advise of traffic delays that may require adjustment to the signaling.		Closed
24/09/2020	Community member	Noise: A resident in Casula complained about the noise generated by nightworks. The project team investigated and informed the resident that the noise was caused by trucks delivering crushed sandstone to the site during extended hours. The project team apologised for the inconvenience caused and reminded the contractor of the importance of minimising the noise created by this work.		Closed
21/09/2020	CCC member	Noise: A CCC member complained about noisy night work, including jackhammering. The project team investigated and confirmed that no work of high-impact nature caused the excessive noise claimed. The only work which used plant machinery and a bulldozer was the ongoing importation of materials to site.		Closed
15/09/2020	Community member via DPIE	Dust: A community member complained via DPIE about rubbish and sand on Moorebank Avenue. The project team organised additional street sweeping and dust suppression.		Closed

# Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
02/09/2020	Community member	Noise: A resident in Casula complained that he could hear loud metallic bangs at night. The project team investigated the complaint and informed the resident that the noise was likely caused by a truck's tailgate closing after it delivered crushed sandstone to the site during extended hours. The project team apologised for the inconvenience caused and reminded the contractor of the importance of minimising the noise created by this work.		Closed
02/09/2020	Community member	Vehicle Damage: A motorist reported that a pothole on Moorebank Avenue caused damaged to her car. The project team investigated the complaint and discovered that the pothole was within the section of the road owned and managed by the Department of Defence. The complainant was directed to DoD to discuss further.		Closed
26/08/2020	CCC member	Noise: A CCC member complained about loud metallic bangs from trucks' tailgate while unloading crushed sandstone to site. The project team investigated the complaint and believed that the noise might have been caused by a truck's tailgate closing after it had tipped its load. The project team reminded the contractor of the importance of this work being carried out more quietly in future and has also been carrying out noise monitoring of this work.		Closed
25/08/2020	Community member	Environmental impacts: A resident in Casula complained about the height of the proposed Woolworths warehousing on MPW affecting the view from his backyard. The project team advised the resident the proposal was open for public consultation and directed him to the online information link to provide a submission detailing his concerns.		Closed
24/08/2020	Community member	Condition of road: A member of the community complained about her vehicle being damaged by the pothole in Moorebank Avenue south of the East Hills rail line. The project team investigated the complaint and discovered that the pothole is in the area owned and managed by Department of Defence and advised her to raise her concerns with DoD.		Closed
18/08/2020	CCC member via DPIE	Environmental impacts: CCC member complained via DPIE that the colour scheme of the IMEX crane located on the Moorebank Precinct East site is considered visually intrusive. The project team confirmed to the complainant that this is the final colour scheme of the equipment.		Closed
17/08/2020	Community member	Condition of road:		Closed

6/8/2018	Community member	Damage to property: Concrete slurry was left. Construction team cleaned this.		Closed
12/7/2018	Community member	Noise: Casula resident complaint about beeping noises before 7am. Project team confirmed no site vehicles have reversing "beepers" fitted, and reminded crews to arrive quietly.		Closed
2/7/2018	Community member	Condition of road: Resident advised on Moorebank Ave potholes. Project team organised for road to be repaired.		Closed
26/6/2018	Community member via Liverpool City Council	General construction: Temporary reinstatement of footpath with asphalt viewed by pedestrian as insufficient. Requested better permanent surface. This was provided after construction was completed in the area.		Closed
17/6/2018	Community member	Truck movements: Resident had observed trucks parking alongside Anzac Road so drivers could frequent take-away food store. Also noted exceedance of Anzac Rd weight limit and claimed vehicles were parking in a No Stopping zone. Project team investigated and confirmed that roadside parking in the relevant section of Anzac Rd was legal, but ensured truck drivers were reminded not to block footpath when parking and that Anzac Rd past fire station carried a weight limit. # Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
		General Concerns around the amount of trucks that will be on local roads in the coming years. Complainant commented that the trucks are too noisy, and she believes they are speeding, especially on her street. Project team advised of project benefits around reduction of heavy vehicle movements and investigated claim re truck speeding on complainant's street. Complainant lives on the northern side of Moorebank in an area not used by project vehicles.		
28/5/2018	Community member	General project: Caller advised that she received a letter re Moorebank Intermodal Terminal Facility and she would like more information. Resident lives on Junction Rd, Moorebank, and has many concerns around traffic and project works impacting on Junction Rd. Project team provided additional information on project.		Closed
24/5/2018	Local business	Truck movements: Complaint about trucks parking on nature strip outside business's premises. Nature strip was fenced off to ensure trucks were unable to park at that location.		Closed
16/5/2018	Road user	Vehicle damage: Complainant's vehicle was sprayed with a substance from a project vehicle. Project team arranged repair of the vehicle.		Closed
4/4/2018	Community member	General project: Complainant generally opposes the project. Project team noted the complaint.		Closed
2/3/2018	Community member	Dust: Caller advised of large plume of dust going high into the air, viewed from Casula. Project team spoke with demolition crews and was unable to identify cause or confirm this was related to the project.		Closed
1/3/2018	Community member	Environmental impacts: A resident advised they had provided EPA with photos of what they say is a sediment control incident. Project team liaised with EPA to resolve matter.		Closed
21/2/2018	Community member	Lighting: Report that temporary traffic lights are left on all night. Project team resolved.		Closed
16/2/2018	Community member via OPIE	Noise: Resident alleged that loud banging noise was audible at Sam. Project team confirmed no work was underway on site at that time.		Closed
8/2/2018	Community member	General project: Complaint made about ignoring community feedback. Project team noted this complaint.		Closed

**Moorebank Intermodal Precinct Complaints Register - As of 8 September 2025**

Date received	Complainant	Nature of complaint	Location (MIP/MARW)	Status
5/2/2018	Community member	Traffic: Complainant reporting delays on Moorebank Ave caused by the management of project's traffic control. Traffic controllers were advised to ensure priority was given to vehicles travelling on Moorebank Ave during peak periods.		Closed
19/1/2018	Community member via OPIE	Noise: Resident alleged that loud banging noise was audible at 4.25am. Project team confirmed no work was underway on site at that time.		Closed
